Claims 1-37 are presented for examination.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-37 are rejected under 35 U.S.C. 102(b) as being anticipated by Hoyng et al.

Hoyng et al. teach the use of the combination of prostaglandin, beta-blockers and carbonic anhydrase inhibitors for the treatment of glaucoma. The above reference also teach the combination of timolol and latanoprost see page 426.
